

Thank You [G]

[Default Arrangement] by Matt Fowler

Verse: 1

C
You put a crown on my head
G
I don't deserve
C
I was crawlin around
G
face down in the dirt
C
Like a winter tree
G
I had nothin to give
C
But you shine like the sun
G
And you taught me to live

Chorus:

C **G/B G**
With all that I am
C **G/B G**
I love all that You are
C **G/B G**
and with all my heart
C
I want to thank you
G
May I never forget
D C
All The good you've done
G
Look what good you've done

Verse: 2

Weight was pressing down
from a mountain of debt
that I couldn't pay
Cause I had nothin left

So I worked real hard
Fingers to the bone
Forgiveness not earned
But mercy shown

Verse: 3

My life is like the Dust
On this road
Subject to change when
the wind blows

But because your love
Is planted so deep
Now my heart is in bloom
So Wild and free
